

On August 15, 2020 JPF hosted a river cleanup. Approximately 15 people helped in this event including the Paducah Tilghman High School Sustainability Club. With everyone’s help, approximately one mile of shore line was cleaned up. Also, a big thank you to the JPF Board Members for their participation; Mark Davis, Ray Dailey, Forrest Wynn, Paul Skees and Kevin Murphy.

Check out JPF’s new website at [www.jpf.org](http://www.jpf.org). Some parts are still “under construction”, but let us know what you think! Also, to keep up with our events join us on Facebook at Jackson Purchase Foundation. To contact us anytime, please email [admin@jpf.org](mailto:admin@jpf.org)

*“Nature is not a place to visit. It is home.” – Gary Snyder*

On Saturday, September 15, 2020 we hosted our Fun Float Day on the Clarks River. We launched at HDR Landing on Sheehan Bridge Road and exited the river at HWY 60, USFWS boat ramp. We had approximately 49 people participate in our Fun Float Day. Everyone participating received a free “Getting Muddy and Wet on the Clarks River” t-shirt. We had a great group this year!

A big thank you to all the sponsors that had that made the t-shirts and float possible: HDR Engineering, Rivercrest Engineering, Inc., Harrah’s Metropolis, PFGW Architects, Pine Bluff Sand & Gravel Company, Vulcan Materials Company, Cann-Tech, LLC, McCracken County Fiscal Court, Michael & Mary Lengendre, Mike Petter & Atlas Roofing. Keep checking in on our Facebook Page and our website to learn more about the new kayak launch on the Clarks River.
